Dear Property Owner,

19 Duchy Road

Welcome to Troci Construction, we are here to assist in making sure your property is your happy place. At TC we focus on making sure the customer is hand in hand with the development of their property. For this we have developed an online system that ensures the client is always in the loop no matter where they are. The system has various features and we provide various services, to find out more feel free to visit our webpage above.

It is our aim to ensure, even from this early stage that we can be as efficient and helpful as possible in providing you with all you need to know. We aim to include even the finest details in order to ensure you can stick to budget & are not left with any 'hidden' extras like many of our competitors do. That said, we ensure we are very flexible and accommodating, as with all customers, we want you to be 100% satisfied!

For us to generate a quotation we'll need to book you a meeting in order to inspect the property, discuss the project and also review any related documentation. Please don't hesitate to contact us if you have any questions at all or if you need a quotation.

Yours faithfully,

Edmont Traci  
(Director)
